

Queen Mary 2 Map Route

The blue-outbound / red-return lines roughly trace our 12-day voyage starting and ending in Brooklyn, New York. We visited 7 other ports: Sydney, Corner Brook, Quebec City, Halifax, St. John, Boston, and Newport. Although scheduled to visit Bar Harbor, Maine, 50 mph gale force winds kept us from anchoring offshore, so we continued on to Boston. Throughout the trip, the weather was brisk with only occasional rain.
